HexaBase™
3-IN-1 REINFORCEMENT

Save time and money by reducing the amount of fill material and labor needs for hardscape projects without sacrificing stability.

1. BASE REPLACEMENT
   Patios/Walkways
   - Follows industry installation standards.
   - Reduce costs of fill material and excavation.
   - Replace 6" - 8" of base in paver projects.
   - 100% Permeable
   - 30x stronger than foam base panels.
   - No special accessories needed.

2. GRASS/GRAVEL PAVERS
   Temporary Overflow Parking
   - Lightweight & easy to install.
   - No special tools required.
   - Provides temporary or overflow parking while keeping the look of a lawn.
   - Plush lawn look with the structural rigidity of an aggregate base.
   - Great for trails for golf carts and utility vehicles.

3. FIRE APPARATUS LANES
   Emergency Access Areas
   - Can be used in fire lane applications as an aesthetically pleasing alternative to gravel.
   - Add base structure to emergency vehicle access lanes.
   - Review local municipality building codes prior to use.

Soil Subgrade
Separation fabric (Spunbond or Non-woven)
1" Bedding Sand
Pavers
HexaBase™ with fill material
Grass or Gravel
HexaBase™ with soil/gravel

**BASE REPLACEMENT COMPARISON**

**WITHOUT HEXABASE™**

- **SINGLE PANEL**
  - Each panel covers 2.7 Sq. Ft.

- **INTERLOCKING**
  - Interlocking panels connect to make a custom-sized base and eliminate potential shifting.

- **PACKAGING**
  - **BOXED**
    - 6 Panels/Box
    - 16 Boxes/Pallet
  - **BULK**
    - 168 Panels per pallet

**WITH HEXABASE™**
