PREMIUM STONE SEAL™

Premium Stone Seal™ formulas offer the highest level of protection and are developed specifically for natural stone. Available in natural-look, low-gloss and high-gloss finishes.

Premium Stone Seal Products

- S-PS Penetrating
- S-PSX Penetrating X-Treme
- NEW S-LGX Low Gloss X-Treme
- S-HGX High Gloss X-Treme

See Back Page for Product Details
S-PS Penetrating

- Invisible/Natural-look finish
- Minimizes salt and freeze/thaw damage
- Seals and protects

S-PSX Penetrating X-treme

- Stain Preventer technology
- Invisible/Natural-look finish
- Recommended for high traffic walkways and commercial applications
- Protects stones from staining by water, oil, food and more

S-LGX Low Gloss X-treme

- Low-gloss finish
- High color enhancement
- Highly durable, long lasting protection in extreme conditions
- Recommended for driveways and commercial applications

S-HGX High Gloss X-treme

- High-gloss, wet-look finish
- Recommended for commercial and residential applications
- Highly durable, long-lasting protection in extreme conditions
- Enhances and protects

Seal to Prevent Damage and Lockout:

- Salt/Acid Rain
- Pool Chemicals
- Color Fade
- Surface Erosion
- Deep Staining
- Freeze/Thaw

Unsealed vs Sealed

- In the images above, you can see how the unsealed surface allow moisture and contaminants to seep into the surface. In contrast, water and salt pools on top of the sealed surface so it can be brushed or easily cleaned from the surface.
