GENERAL CLEANERS

The best seal starts with a clean surface, and each hardscape surface has distinctly different qualities. Whether it’s removing dirt from natural stone or residue from wetcast, we’ve designed our General Purpose Cleaners to give you the best cleaning power for each surface type.

General Cleaners

- PW Paver Wash
- WW Wetcast Wash
- SW Stone Wash

See Back Page for Product Details
**General Cleaners**

**PW Paver Wash**

- Easy to use, concentrated formula

**SW Stone Wash**
- Prepares natural stone surfaces prior to sealing
- Removes ground-in dirt, light grease and oil
- Non-acidic formula
- Easy to use, concentrated formula

---

**Clean Before Sealing for the Best Bond**

Removing all surface stains is essential to getting the best looking seal. Even if there is no evident staining on the surface, it’s still important to use a SRW General Purpose Cleaner. Doing so will prepare the surface for optimal bond with the sealer.
